

StyleAbility 5-Step Strategic Partnership

1. INTRO TO PROGRAM

Our main goal is to connect with organizations and associations to bring innovative technology solutions to light and help you to create a better client experience.

2. ENGAGEMENT

StyleAbility provides onboarding assets and a marketing funnel to our CAREcutting program for 25-50 of your parents to participate in and learn professional skills online.

3. SURVEY/DISCUSSION

Families receive a survey from StyleAbility to gather valuable feedback to make any improvements for the best experience possible. These results are shared with your organization to measure its success.

4. SCALE/MONETIZE

With the program's success, you can now introduce this new resource to more of your families.

5. SPECIALIZED TRAINING

StyleAbility has specific training for therapists which complements the core modules your families learned in CAREcutting to generate new sources of revenue for YOU and additional support for THEM.
